A note from the Pastor

The topography of Israel is very diverse. To the south, the land is a low lying, dry and hot desert. To the north, there are large mountains. To the west lies a fertile and moderate coast. If you were to start your day in Jerusalem, you may need shorts and a tee-shirt to be comfortable in the heat. In less than a day's journey, you could find yourself in a winter parka scaling a snow capped mountain.

The land is full of mountains and valleys. Some of the land is great for farming; others is a desert waste. Israel's geography creates a perfect illustration of the ups and downs in our own lives. Sometimes we are on the mountain top; other times we are in the valley. One day we may have fruitful fertile lives; the next we can struggle through the desert.

Christians should especially understand that life is not always lived on the mountain top. God doesn't just allow valleys to interrupt our business. He intentionally draws us down to the valley. God Himself has a purpose for every stage of our lives. And He promises his presence and protection for every stage.

Psalm 23 paints this beautifully. God "leads me beside still waters" in verse 2 and is still with me in verse 4 when I "walk through the valley of the shadow of death." It is God's presence that gives us comfort in the valley. It is God's sovereignty that lets the writer proclaim in verse 1, "I shall not want." Even in the valley when we have the least, we lack nothing because God is with us.

Perhaps you're in a valley. Fear not! There is nothing you lack because God is with you. Do not lose heart—the God who brought you to the valley will bring you out.
